

Position of Professor in Radiogenic Isotope Geochemistry

The Department of Earth and atmospheric sciences (*Département des sciences de la Terre et de l'atmosphère*, www.scta.uqam.ca) of the *Université du Québec à Montréal* (UQAM, www.uqam.ca) invites applications for a position of professor in radiogenic isotope geochemistry.

Candidates having a PhD and with experience in research and teaching who are willing to develop an ambitious research program in radiogenic isotope geochemistry are encouraged to apply. Applications to fields such as igneous petrology, economic geology and U-Pb geochronology will be prioritized, but they are not exclusive.

The successful candidate will hold a teaching appointment in the *Département des sciences de la Terre et de l'atmosphère* of UQAM and will be encouraged to develop a research program in collaboration with the *GEOTOP Research Center for the dynamics of the Earth system* (www.geotop.ca). GEOTOP is an inter-university, multi-disciplinary research cluster with first class isotope laboratories in isotopic geochemistry (Thermo TritonPlus (TIMS), NuPlasma II ES (MC-ICP-MS), NuAtom ES (HR-ICP-MS), Photon-Machines G2 (193 nm laser)).

Selection will be based on the applicant's potential for teaching and for developing a successful research program, as demonstrated by his/her publication and/or funding records.

A working knowledge of the French language is required. Applications from women, Aboriginals, visible and ethnic minorities and persons with disabilities are encouraged. Canadian citizens and permanent residents will be given priority for hiring.

Applications in electronic form (pdf files), including a letter outlining the applicant's career objectives and research program, a curriculum vitae and three reference letters (by email, directly sent by the referees) should be forwarded before August 31st, 2017 to Prof. Gilles Couture (couture.gilles@uqam.ca), director of the *Département en sciences de la Terre et de l'atmosphère* at UQAM.

STARTING DATE: DECEMBER 1st, 2017

Details on remuneration, qualifications, and requisites can be found on the UQAM website.
