Salary Range	Per Collective Agreement.
Status	Permanent
Duration (if term)	
Full-Time/Part-Time	Full-Time
Part-Time %	
Work Hours:	
Pay Grade	Faculty Lab Instructor I
Position Summary	<p>The Department of Geology at the University of Regina invites applications to fill a permanent full-time Laboratory Instructor I position commencing January 1, 2018.</p> <p>The successful candidate will be expected to develop instructional material, create labs, instruct labs, grade assignments, set and mark exams for the laboratory component of various undergraduate courses and must be capable of working independently, as well as collaboratively with others.</p> <p>Duties of the successful candidate will include: supervision and mentoring of Teaching Assistants, the preparation and instruction of labs, at both the introductory and senior undergraduate levels, and assume leadership of the team that coordinates and delivers our large (first-year) environmental geology laboratories.</p>
Requirements	<p>The candidate should have a B.Sc. degree in Geology/Environmental Geoscience, coupled with a post-graduate qualification (minimum M.Sc. degree) in Geology/Environmental Geoscience or a closely related discipline.</p> <p>We seek a candidate with a broad background in the earth sciences with excellent written and oral communication skills, and well-developed skills in microscopy and petrographical analysis. Particular expertise is sought in the areas of sedimentology, stratigraphy, surficial processes, palaeontology, petrophysical log interpretation and analysis. We desire an enthusiastic, versatile individual who could help deliver our broad array of Geology and Environmental</p>

Geoscience courses. In addition, familiarity with computer-based geoscience programs (e.g., ArcGIS, Geosoft, GeoScout, Petrological-Geochemical and Structural programs), for use either in the instructional environment or lab preparation, is considered advantageous. The successful candidate should be capable of providing assistance with our field schools, possessing a strong background in field methods and safety protocols, as well as holding a valid driver's licence.
